

MURDER AT THE BAKE OFF

A MERRYMURDER PUZZLE SHEET

The top television series "Big Bake Off" has had a disaster. Presenter Cherry Bunn's attempts at humour have been unappreciated by one of the contestants. And that contestant has poisoned Cherry live on air! But which amateur baker is the murderer? What poisonous substance did they use? And in what kind of baking delicacy did they administer the poison to Cherry? It is your task to find out.

ELIMINATION GRIDS

Mark off the suspects, poisonous substances, and baking delicacies as you eliminate them.

1 - FITTED KITCHEN

Can you fit all the kitchen equipment into the grid below? If you can, the letters in the stars and the letters in the circles can be rearranged to spell out two things you can eliminate.

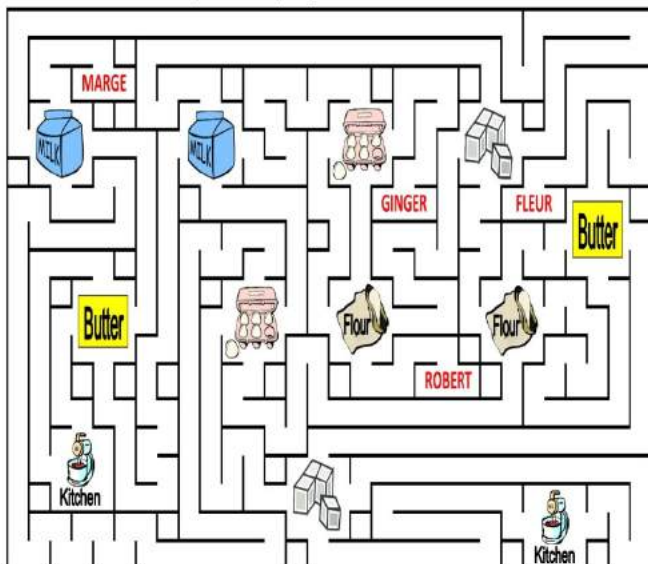

3 & 4 Letters HOB OVEN SINK	5 Letters GRILL UNITS	6 Letters FRIDGE KETTLE	7 Letters BLENDER CHOPPER DRAWERS	FREEZER SHELVES STEAMER STORAGE TOASTER
9 Letters CUPBOARDS EXTRACTOR MICROWAVE SOUP MAKER	10 Letters BREAD MAKER DISHWASHER KNIFE BLOCK RICE COOKER SLOW COOKER	SPLASHBACK	11+ Letters COFFEE MAKER (11) DEEP FAT FRYER (12) FOOD PROCESSOR (13) WASTE DISPOSAL (13) PRESSURE COOKER (14)	

2 - INGREDIENT MAZE

Guide the contestants through the maze to the kitchens, collecting ingredients as they go. Whenever they pass through an ingredient, they collect it. However when passing through an ingredient, they must always leave by the exit directly opposite the way they entered. For example Marge will first collect milk, and, as she enters the milk square from the top, she must leave via the bottom.

Today's recipe requires eggs, butter, milk, flour and cubed sugar. Unfortunately one of the contestants will reach a kitchen without all these ingredients. You can eliminate this contestant from your enquiry.

3 - BISCUIT BAKING TRAY

The baking tray below contains all the listed biscuits. Can you find and highlight them all? To spell each biscuit you move from letter to letter, either up, down, left or right. Never diagonally. Also, all the biscuits are either square or rectangular in shape. To show you how the puzzle works, the square shaped MILK biscuit has been highlighted.

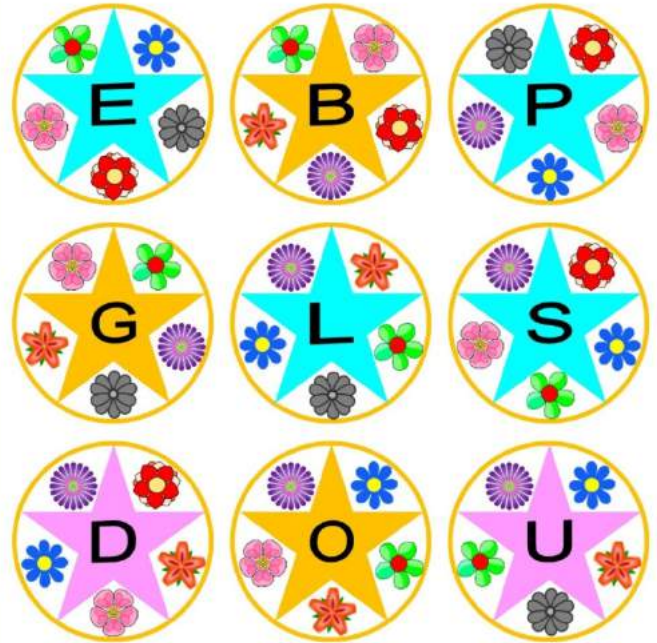

No letter is used more than once. However some letters are not used at all. These unused letters, reading left to right, top to bottom, will spell out two things you can eliminate.
