AN ARTICLE FROM "BLUE VIEWER" MAGAZINE JANUARY 2015

Many men dream of owning a porn studio but for one lucky woman that dream has come true. Venus Mount inherited a studio when wealthy business tycoon Woody Wright-Stiff died last year. Upon receiving her inheritance Venus left her position as a high class brothel mistress in Prague to run the small, independent adult movie house "Softcore Studios". Blue Viewer caught up with her to find out how the transition has fared and to learn more about her next project, a feature film entitled "Pleasure Island".

BLUE VIEWER: Well first of all I have to say inheriting a porn studio is incredible. How did that come about?

VENUS MOUNT: Woody was an international businessman. His many business trips often brought him to Prague and he frequently visited my brothel. The two of us became good friends. I have always been interested in adult movies and Woody knew that. Softcore Studios was just a small part of his business portfolio and so, in his will, he decided it would be a good laugh to leave it all to me.

BV: Any experience of the adult movie industry. Your face seems vaguely familiar?

VM: Well I am an American by birth, and I did live here in LA for a time. But no, I've only ever watched blue movies, never starred in them.

BV: And so here you are, back in your home country, running a small, independent film studio. The first thing you did was to change the name of the studio from "Softcore Studios" to "Starlets and Studs Productions". Why?

VM: Woody ran the studio more as a hobby than a business. He used it to make the kind of films he liked to see. Whether they were profitable or not wasn't an issue for a man of his wealth. But now the studio is my livelihood. I need it to make money. Hence the first thing I did was to give it a more commercial title and one that is more representative of the films I intend to make.

BV: And I hear you've taken other decisions as well. Such as poaching Miss Frances Heaven from Ruffuck Productions?

VM: That's right. I've had my eye on that girl for some time. I believe she has a big future in the industry. She has that delightful combination of sweet innocent looks and a wild cat appetite in the sack. At Ruffuck productions these attributes were completely passed by. I intend to exploit them fully and turn Frances into a big star.

BV: And you have also brought over a Russian colleague from your brothel days. I'm talking about Bang Yurasov.

VM: Yes. Bang was my head of security at the brothel and a former soldier. He is also very talented

down below. Of course I know Softcore's own in-house stud, Rod Shafter, has a monstrous talent between his legs. But I thought it couldn't hurt to bring in some fresh meat.

BV: Rumour has it that Rod's not too keen on sharing the limelight?

VM: No comment.

BV: But back to your starlets. The other star you inherited with the studio is Saggia Boobflesh, or "Pornella" as she was known in her heyday. I should think her wealth of experience is invaluable to you. But you have to admit, she is getting a bit long in the tooth!

VM: She's still got what it takes though. An unsurpassed appetite for sex. That is why she was Woody's favourite leading lady. And although I admit she is not as young as she was, I have an excellent cameraman in Willy Droop. He always knows the best angle to capture an actress from to exploit her charms for the camera.

BV: Hmm. I did notice that he filmed Saggia with plenty of soft focus and subdued lighting in your quirky titled debut film "The Princess and the Penis" The film was extraordinarily well received. Why do you think that was?

VM: Partly because of the fresh faces of Frances and Bang, but mainly because I believe we got the balance right. I don't believe in just hardcore sex. You've got to have humour as well. And with the film being loosely based on a classic fairy story, viewers knew what to expect. That's why I'm

keeping the format for my new project “Pleasure Island”

BV: Or “Privates of the Caribbean” as it’s been nicknamed. I believe it’s a loose retelling of the classic Robert Louis Stevenson “Treasure Island”.

VM: Yes. Although a very different kind of booty is on display and there is a lot of "Jolly Rogering" going on! Rod will be getting his twelve incher out as Long Schlong Silver and Frances is going to play the heroine, Jacquette Hawkins. And we've also signed up a new actress to make her debut in adult films. Top pin up model and web success "Wanda Whoppers". So our pirate island should have more than its fair share of coconuts!

BV: I've seen Wanda and I think melons would be more appropriate! But filming on location is surely going to cost you a pretty penny. How do you finance it?

VM: We'll be filming as much as we can in the studio, but there will be some outdoor shoots. Most of the profits from "The Princess" have been ploughed back into "Pirates". But I have obtained finance from other sources too.

BV: Well I can't wait for "Pleasure Island" to be released at the end of this year. Good luck with the filming Venus, and in the meantime, on behalf of "Blue Viewer" readers, I'd like to thank you for your time.

VM: Thank you.

REPORT FROM “LA NEWS” OCTOBER 2015

Venus Mount, former brothel madam and head of the adult film studio "Starlets and Studs Productions" has been found sensationaly murdered at her studios. Police confirm that Miss Mount died from a broken neck after apparently being slugged from behind. The murder weapon is believed to be a twelve inch dildo, modelled on the manhood of superhung porn star Rod Shafter.

Miss Mount's body was discovered on the set of her latest production, "Pleasure Island", in bizarre circumstances. Miss Wanda Whoppers, renowned glamour model and web-cam favourite, was rehearsing a solo scene for the film. Seated astride a barrel, one of the props for the film, Miss Whoppers was enthusiastically pleasuring herself with a new style sex toy believed to be known as "Bang's Banger". Miss Whoppers, who can only be described as top heavy, bounced so heavily on the barrel that it burst, revealing the body of Miss Mount which had been stuffed inside. Miss Whoppers, finding herself suddenly on top of the stowed-away corpse, went into hysterics, thereby alerting other studio staff to the tragedy.

Lieutenant Gulp of the Los Angeles Police Force is investigating. The autopsy reveals Miss Mount was killed between 4.00pm and 8.00pm. Although the investigation is in its early stages, suspicion appears to be focussing on the six full time employees of "Starlets and Studs Productions".

HOW THE GAME WORKS

The original Full Party "Natural Porn Killers" merrymurder was designed for between 9 and 13 players. In this version each player would represent a particular character and come to the party suitably dressed.

This version of "Natural Porn Killers" has been specially adapted so that it can be played with a smaller number of players around a dining table.

On the night of the party there will be between 4 and 8 players. These players will be split into 4 teams, known as Team A, Team B, Team C and Team D respectively. Each team will therefore contain either one or two players.

Each team will be providing the voices of some of the characters:

- Team A will be voicing Lieutenant Gulp. They will also be asking all the questions.
- Team B will be voicing the parts of Rod Shafter and Saggia Booflesh.
- Team C will be voicing the parts of Willy Droop and Frances Heaven.
- Team D will be voicing the parts of Bang Yurasov and Wanda Whoppers.

If there are two players in a team, they can each provide the voice of a suspect. If there is only one player in a team, he or she will have to voice both a male and a female suspect.

The game is played over 4 rounds. During these rounds questions will be asked and answers revealed. Clue items will be discovered that will help throw light on Venus Mount's death. And mystery witnesses will appear to offer unexpected evidence.

At the end of the game everyone must give their opinion as to which of the six suspects committed the murder. Lieutenant Gulp will then reveal the killer in a dramatic denouement speech. Finally the killer(s) will confess.

The whole game should take about 3 hours to play.
