

YOU ARE INVITED TO TAKE THE ROLE OF

LULUBELLE, 21,

Vain, Fiery, Beautiful, French Trapeze Star

BACKGROUND

I am Lulubelle, aged 21, a very beautiful, dark haired, dedicated French girl. I am one of the star turns at Slaughter's circus. I am a trapeze artist, renowned for my breath taking performances and dare devil skills. I can perform the amazingly difficult quadruple camel flip with ease, and my neck spins on the rope are a wonder to behold. I am intensely vain and my aim is to become the best trapeze artist in the world. For the last year I have been engaged to be married to my catcher, Herman.

ABOUT THE VICTIM - JACQUES, 28,

Despite his French sounding name, the murdered man was a cockney lad from London. A pupil at the East End School of Performing Arts, he was at Slaughter's Circus for his summer placement. During this time he was to spend a week with each of the main circus acts, learning their arts. This week he had been learning clowning skills with Coco and Ermintrude. Each night he has been going into the circus ring acting as assistant to both knife thrower Jade Edge and Illusionist Madam Titian.
