

YOU ARE INVITED TO TAKE THE ROLE OF

**MADAM TITIAN, 36,**

*Intelligent, Professional, Secretive Illusionist*

### **BACKGROUND**

I am Madam Titian, aged 36, a female magician who has a photographic memory and an acutely logical, but very cunning brain. I am extremely intelligent and fantastic with figures. Because of this I tend to be a little aloof from the other circus folk. I like to cultivate an air of mystery around myself and no one knows what my background is. I am a consummate professional, who takes endless time over my rehearsals and my performances always run without a hitch. My professional vanity would not allow anything less.

### **ABOUT THE VICTIM - JACQUES, 28,**

Despite his French sounding name, the murdered man was a cockney lad from London. A pupil at the East End School of Performing Arts, he was at Slaughter's Circus for his summer placement. During this time he was to spend a week with each of the main circus acts, learning their arts. This week he had been learning clowning skills with Coco and Ermintrude. Each night he has been going into the circus ring acting as assistant to both knife thrower Jade Edge and Illusionist Madam Titian.
